

FalseType

```
classDiagram
    class FalseType {
    }
    class SpecializedClass {
        ros::message_traits::Header< ::jaco_msgs::ArmPoseFeedback_< ContainerAllocator > >
    }
    SpecializedClass --|> FalseType
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'FalseType'. It has a single compartment for the name and two empty compartments below it. Below 'FalseType' is a blue triangle pointing upwards, indicating inheritance. At the bottom is a larger class box with a dark border and a light gray fill. It contains the text 'ros::message\_traits::Header< ::jaco\_msgs::ArmPoseFeedback\_< ContainerAllocator > >' in its top compartment. Below this text are two additional empty compartments.

ros::message\_traits  
::Header< ::jaco  
\_msgs::ArmPoseFeedback  
\_< ContainerAllocator > >
