

TrueType

```
classDiagram
    class TrueType
    class Base["ros::message_traits::IsFixedSize< ::jaco_msgs::JointVelocity_< ContainerAllocator > >"]
    TrueType --|> Base
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'TrueType'. It has three horizontal compartments: the top one contains the class name, and the two below are empty. Below this box is a blue arrow with an open triangular head pointing upwards. The arrow originates from a larger, gray-shaded box at the bottom. This bottom box also has three horizontal compartments. The top compartment contains the text 'ros::message_traits::IsFixedSize< ::jaco_msgs::JointVelocity_< ContainerAllocator > >', while the two bottom compartments are empty. The overall structure represents that 'TrueType' inherits from the specified traits class.

ros::message_traits
::IsFixedSize< ::jaco
msgs::JointVelocity
< ContainerAllocator > >
