

FalseType

```
classDiagram
    class FalseType {
    }
    class SpecializedClass {
        ros::message_traits::HasHeader< ::jaco_msgs::JointAngles_< ContainerAllocator > const >
    }
    SpecializedClass --|> FalseType
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'FalseType'. It has three horizontal compartments: the top one contains the class name, and the two below are empty. Below this box is a blue arrow with an open triangular head pointing upwards. At the base of the arrow is a larger, shaded gray class box. The top compartment of this box contains the text 'ros::message_traits::HasHeader< ::jaco_msgs::JointAngles_< ContainerAllocator > const >'. Below this are two more empty compartments.

ros::message_traits
::HasHeader< ::jaco
msgs::JointAngles<
ContainerAllocator >
const >
