

FalseType

```
classDiagram
    class FalseType {
    }
    class SpecializedClass {
        ros::message_traits::HasHeader< ::jaco_msgs::JointAngles_< ContainerAllocator > >
    }
    SpecializedClass --|> FalseType
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'FalseType'. It has three horizontal compartments: the top one contains the name, and the two below are empty. Below this box is a blue arrow with an open triangular head pointing upwards. This arrow points to the top compartment of a larger, shaded class box below. The text in this top compartment is 'ros::message_traits::HasHeader< ::jaco_msgs::JointAngles_< ContainerAllocator > >'. The bottom two compartments of this larger box are also shaded but empty.

ros::message_traits
::HasHeader< ::jaco
msgs::JointAngles<
ContainerAllocator > >
