

TrueType

```
graph BT; A["ros::message_traits::IsMessage<::jaco_msgs::StopRequest_<ContainerAllocator>>"] --> B[TrueType];
```

The diagram illustrates an inheritance relationship. At the bottom is a large gray box divided into three horizontal sections. The top section contains the text: `ros::message_traits::IsMessage<::jaco_msgs::StopRequest_<ContainerAllocator>>`. A blue arrow points from the top edge of this gray box to the bottom edge of a white box above it. The white box is also divided into three horizontal sections, with the text "TrueType" in its top section.

`ros::message_traits`  
`::IsMessage<::jaco`  
`_msgs::StopRequest_<`  
`ContainerAllocator > >`
