

FalseType

```
classDiagram
    class FalseType {
    }
    class SpecializedClass {
        ros::message_traits::Header< ::jaco_msgs::ArmPoseAction < ContainerAllocator > >
    }
    SpecializedClass --|> FalseType
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'FalseType'. It has a header section and two empty body sections. Below it is a larger, shaded class box. A blue arrow with an open triangular head points from the top of the shaded box to the bottom of the 'FalseType' box, indicating inheritance.

ros::message\_traits  
::Header< ::jaco  
\_msgs::ArmPoseAction  
\_< ContainerAllocator > >
