

FalseType

```
classDiagram
    class FalseType {
    }
    class SpecializedClass {
        ros::message_traits::IsFixedSize< ::jaco_msgs::StartResponse_< ContainerAllocator > const >
    }
    SpecializedClass --|> FalseType
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'FalseType'. It has three horizontal compartments: the top one contains the text 'FalseType', and the two below it are empty. Below this box is a blue arrow pointing upwards, ending in a hollow triangle. This arrow points to a larger, shaded class box below it. The shaded box contains the text 'ros::message_traits::IsFixedSize< ::jaco_msgs::StartResponse_< ContainerAllocator > const >' in its top compartment, with two empty compartments below it.

ros::message_traits
::IsFixedSize< ::jaco
msgs::StartResponse
< ContainerAllocator >
const >
